Re: NOTIFICATION OF VOLUNTARY RECALL
SI TECH Shell Inflation Valve Int'l Nipple for Diving Drysuits

Dear Customer:

This letter is to inform you that SI TECH is performing a voluntary recall and replacement of certain batch codes of two (2) models of its Shell Inflation valves with Int'l Nipples. SI Tech has initiated this precautionary measure after receiving notification of a potential discrepancy in the production batches listed below. The discrepancy may lead to a loss of inflation capacity. As the safety of those using SI TECH valves is paramount to SI Tech, we have initiated this voluntary recall. **All distribution and sales of the following SI TECH valves with the batch codes specified below must cease immediately. Please confirm your acknowledgement of this notice by return email.**

PRODUCT SUBJECT TO VOLUNTARY RECALL:

Model Number: 25210

Production Batch Codes: JD1, JE2, JE5, JE6, JF6, JG2, JK6, JK9, JKA, JL1, JL3, KA7, KB8, KG2, KH3, KH4, KK7, KL3, LC1, LC2, LC4, LC7, LC9, LD2, LD6, LD7, LD8

Model Number: 25215

Production Batch Codes: JG1, KA9, LC5

Instructions on how to identify the batch code, see attachment to this email.

Please note that this information relates only to Shell type valves with an International Nipple with the above batch code. No other valves are subject to this notification. Please note that the logo on the button may vary, eg. , SI TECH, other logos. A sample picture of the Shell Inflation Value Int'l Nipple is in red below.
